

The  
GREEN CHEMISTREE

# FUTURE GREEN CHEMISTRY ACHIEVEMENTS, CHALLENGES AND PERSPECTIVES

A panel discussion between Paul Anastas  
and Italian scientists

ROUNDTABLE

April 9<sup>th</sup> at 9:30 AM

Accademia delle Scienze dell'Istituto di Bologna | Sala Ulisse  
via Zamboni 31

To celebrate the presence of Paul Anastas, who brought worldwide attention to Green Chemistry and boosted innovation to the making of chemistry a beneficial tool for humankind and for the environment. He will be awarded the *Laurea ad Honorem* from the University of Bologna on Friday, April 12<sup>th</sup> 2024.

With the participation of:

**PAUL ANASTAS** - Yale University, Connecticut  
**GIULIA MARINA LICINI** - University of Padova  
**FABRIZIO CAVANI** - University of Bologna  
**LUIGI CAPUZZI** - Novamont Group  
**WALTER CABRI** - University of Bologna

Chair persons:

**PAOLA GALLETTI** - University of Bologna  
**EMILIO TAGLIAVINI** - University of Bologna

**Program:**

**9.00 - 9.30** REGISTRATION  
**9.30** WELCOME | LUIGI BOLONDI  
*President of the Academy of  
Science of Bologna Institute*  
**9.40 - 10.50** PANEL DISCUSSION  
**10.50 - 11.10** COFFEE BREAK  
**11.10 - 12.40** PANEL DISCUSSION  
**12.40** BUFFET AT DIPARTIMENTO DI  
CHIMICA "GIACOMO CIAMICIAN"  
VIA F. SELMI, 2

The conference will be broadcasted here:
