INCONTRO CON HUAWEI

MARTEDÌ 23 GIUGNO ALLE 15.00

**Would you like to learn what means to work
in a R&D environment in Huawei?**

You will have the opportunity to know more about the working life in a Huawei Research Center.

We will speak about Research And Development for *Next Generation Communication Systems* and about the importance of a PhD in Huawei thanks to Jonathan Gambini (PhD, Principal Research Engineer) and Michelangelo Ricciulli (PhD, Senior Algorithm Design Engineer).
